## Global semiconductor sales up 20% YoY in Q1

Worldwide sales of semiconductors reached USD 111.1 billion during the first quarter of 2018, an increase of 20% compared to the first quarter of 2017. The global semiconductor market has demonstrated impressive growth through the first quarter of 2018, far exceeding sales through the same point in 2017, which was a record year for semiconductor revenues.
