

World Leading Machine Vision Solutions Provider

You are well-familiar with our vision inspection solutions from Automated Board Inspection (ABI), Machine Vision System- Standard (MVSS), and even our latest Industry 4.0 Smart Solution (V-ONE) that have granted you overview towards a comprehensive series of products we provide to our customers. Nonetheless, there's one business unit that contributes more cost-effective inspection capabilities for the back-end semiconductors which we'd like to bring it to light today.

There's no other than the Machine Vision System- Texas (MVST), a business unit that designs tray-based vision handlers to perform the final inspection on various in-tray IC packages. One of its award-winning machines, **TH2000i**, designed with advanced key technologies to provide high speed, high accuracy, and one-stop vision inspection solutions specially catered for BGA, QFP, QFN, CSP, TSSOP, MSOP, SOP packages handled in the tray.

Apart from ensuring the higher throughput up to 54K, TH2000i possesses a more flexible pick-up heads features compared to other tray to tray machines as it supports either 1X14 or 2X14 (optional) cater for BGA and QFN packages in the semiconductor line. Furthermore, it provides wide-range of vision inspection services such as 3D vision inspection, Leaded Packages Inspection, Ball Packages Inspection, Leadless Packages Inspection, Top 3D POP Inspection, 2D Barcode Inspection, Mark Inspection, Package Vision Inspection, Passive Component Inspection, and Top Color Inspection.

If you are interested to understand further about this tray-based vision solution, click the "Read More" button below.

The Edge Billion Ringgit Club Awards 2019

ViTrox Corporation is beyond thrilled to announce that we have accomplished another milestone this year. After winning recognition of higher returns to shareholders over three years since 2018, we have once again attained the awards from The Edge Billion Ringgit Club under two categories- Highest return on equity over three years and highest growth in profit after tax over three years.

“My genuine appreciation to all ViTroxians, shareholders, and customers for your enormous support all along. ViTrox couldn’t make it onto this stage without your continuous contributions since the beginning. Together we can achieve more!” said Mr Chu Jenn Weng, the President and CEO of ViTrox.

Mexico Technology Days 2019

Hooray! We couldn’t wait to express our joyfulness towards the overwhelming response we’ve received from you all during Mexico Technology Days 2019. After the roadshow in May, we expanded our locations to Holiday Inn Ciudad, Juarez and Holiday Inn Express Iteso, Guadalajara on 10th and 12th September 2019.

Throughout our industry sharing, you have gained insightful knowledge about Artificial Intelligence (AI). For

instance, deep and machine learning, AI programming for AOI and AXI, and how does ViTrox align its products with the requirement of AI, all were the essential key takeaways for you within a day. With that, we're delighted that everyone did enjoy the entire session to the fullest and we couldn't thank you more for that.

There will be more roadshows coming up in the future. We hope to see you all again soon.

----- EVENTS -----

OCT 3 | 8 | 15

Industry 4.0 What's In It for Me \$

- # KL MITI Tower (3rd October 2019)
- # Batu Pahat Pine Tree Hotel (8th October 2019)
- # Sunway Hotel Seberang Perai (15th October 2019)

OCT 16 & 24

US Technology Days 2019

- # EAP Office, Dayton, Ohio.
(9:30am - 3:00pm - 16th October 2019)
- # Evotest Office, San Jose, California.
(9:30am - 5:00pm - 24th October 2019)

OCT 22 - 24

Industrial Transformation Asia Pacific (ITAP) 2019

- # Singapore EXPO

Explore

OCT 29 - 31

IoT Solutions World Congress 2019 (IOTSWC)

- # Barcelona, Spain

Explore

NOV 1 - 2

Penang International Science Fair 2019

- 9:00am - 6:00pm
- #Booth No.P2 SPICE Arena Hall, Penang, Malaysia

Explore

NOV 7

SMTA Table Top Exhibition 2019

- 9:00am - 5:00pm
- # Eastin Hotel Penang

Explore

NOV 12 - 15

Productronica Germany 2019

- 9:00am - 6:00pm (12th - 14th November 2019)
- 9:00am - 4:00pm (15th November 2019)
- #427 Hall A2, Messe München, Germany
