

ViTrox Technologies announces Kingtest Electronic Technology as Sales Channel Partner in China

Wednesday, 24 September 2014 00:00

ViTrox Technologies, a solutions provider of innovative, advanced and cost-effective automated vision inspection systems and equipment for the semiconductor and electronics packaging industries, appoints Kingtest Electronic Technology as Sales Channel Partner in China.

Kingtest is authorized to distribute ViTrox's Advanced Optical Inspection (AOI) and Advanced 3D X-ray Inspection (AXI) systems throughout China. With a team of experienced sales and technical support experts, Kingtest will help ViTrox penetrate important industry sectors in China.

According to ViTrox's Vice President & General Manager Mr. Wee Kah Khim, "We are pleased with the collaboration with Kingtest, an experienced partner in China. Kingtest could help us to strengthen ViTrox's market presence in the China AOI and AXI market with its strong and wide relationship networking. ViTrox is committed to better serving our customers in China and Kingtest will play an important role to further strengthen the service capability."
