

ViTrox Announces Its Exhibition in The Upcoming IPC APEX EXPO 2019 in San Diego, CA

PENANG MALAYSIA – January 2019 – ViTrox Technologies, an automated vision inspection solutions provider is going to exhibit in IPC APEX EXPO 2019 (Booth No: 3423), the largest event for electronics manufacturing in North America. The event will be held from 29th to 31st January 2019 at San Diego Convention Center as the schedule below:

Exhibition Hours:

29th January 2019 (Tuesday) : 10am-6pm

30th January 2019 (Wednesday) : 9am-6pm

31st January 2019 (Thursday) : 9am-2pm

Organized by IPC, a worldwide association in the electronic industry, IPC APEX EXPO is an event that provides knowledgeable education and networking opportunities to the printed circuit board and electronics manufacturing industry. As they strive to captivate over 9,000 professionals from 45 countries, IPC APEX EXPO 2019 will showcase well-rounded ideas and insights to the crowds, such as technical conference, professional development courses, and the innovation-driven exhibition floor.

ViTrox Technologies plays an outstanding presentation by showcasing a few award-winning advanced vision solutions to the audience. For instance, V310i SPI, V510i Optimus 3D AOI, V810i S2EX, V9i CCI, and V-ONE, an Industry 4.0 Smart Solution. Visitors are expected to obtain the first insight on these machine vision solutions, fundamental skills of operating the machine in production lines, and to acquire the best practice of smart manufacturing to increase production throughput.

"Apart from showcasing advanced vision inspection solution to our potential customers and business partners as we did in the past few years, we are more than delighted to announce the official launching of V9i during the exhibition in IPC APEX EXPO this time", said by Mr. Wee Kah Khim, the Senior Vice President and General Manager of ViTrox Technologies.

Visitors are encouraged to check the IPC APEX EXPO's app or log on to their official website for more details. To make the event more thrilling, those who browse through the show floor and collect stickers from exhibitors will stand a chance to take away exciting prizes such as Apple Watch Series 3, GoPro Hero, Oculus Go Standalone Virtual Reality Headset, Ring Video Doorbell, and Star Wars Hero Droid BB-8.
