

ViTrox Participates in the Semicon Southeast Asia (SEA) 2022

7 June 2022

PENANG MALAYSIA - May 2022 - ViTrox Technologies, the world-leading solutions provider for semiconductor and electronics packaging industries, announces its participation as Platinum sponsor in the SEMICON Southeast Asia (SEA) 2022 from 21 to 23 June 2022, in Setia SPICE Arena & Convention Centre, Penang, Malaysia (Booth No. A404).

During SEMICON SEA 2022, ViTrox will be showcasing its comprehensive, advanced and intelligent solutions, from Middle & Back-end Semiconductor Vision Solutions, SMT PCB Assembly Vision Solutions, Electronics Communication Systems, to Industry 4.0 Smart Manufacturing Solutions. This year, ViTrox will also present the latest Advanced 3D Optical Inspection (AOI) for the semiconductor industry and Advanced Robotic Vision (ARV) at the Smart and Sustainable Manufacturing Journey (SSMJ).

Additionally, ViTrox is delighted to announce that Mr. Wong Ting Lik, the Senior Director of Tray-based Vision Inspection division and Mr. Choong Wee Hoong, the Director of Vision System/Wafer Inspection/Post Seal Inspection division, will be sharing Artificial Intelligence (A.I.) in Machine Vision Technologies at TECHStage. Furthermore, Mr. Gary Leong Chee Yeong, the Senior Director of Industry 4.0 & Ecosystem Development, will share his insights on transforming electronics manufacturing into a digital smart factory at the SMART Enterprise Forum. Both sharing sessions will be held on the second day of the show, 22 June 2022 (Wednesday). Visitors are welcome to attend these insightful sharing sessions and experience the smart solutions at ViTrox's booth.

Another exciting news is that ViTrox will station at the Workforce and Talent Development Pavilion (Booth #F147) to introduce company culture and career opportunities to the students and visitors. The education arm of ViTrox - ViTrox Academy (VA) team will also be on-site to promote its Diploma courses and training programmes too! On the second day of the show (22 June 2022), our People Management Sr. Manager, Ms. Yeoh Siew Eng will represent ViTrox to share about Tech for Good which covers company background & culture, advanced and innovative products & solutions, internship and career opportunities at Workforce & Talent Development Stage.

ViTrox team is well-prepared and ready to present innovative solutions and technologies during the show! It's a great platform for us to reconnect and meet with our customers and visitors in person after the pandemic! Please send in your appointment request via the registration link to meet up with our field experts in person!
